

Session 10

Celebrating Love U for Love Junkies

Session 10 is your last session together. Make it a time to celebrate!

The best way to end a group is to celebrate, so enjoy your time together.

Last week, you asked the ladies to retake the Soul Assessment Profile and come ready to share areas of progress they've experienced. Make it meaningful. Take some time during fellowship to ask them to share any insight they received and how they intend to love themselves more in the years to come.

Closing Prayer and Release

Close by saying a special prayer of thanksgiving over each lady and release the power of the Holy Spirit to continue the work that he began in each of them.
